

## Introducing [Floridians for Solar Choice](#): Giving Floridians a Voice and a Choice on Energy

**Did you know?** Although Florida has the best solar resource east of the Mississippi, less than 1/10th of 1% of the Sunshine State's energy currently comes from solar.

USGBC Northeast Florida has joined [more than 70 other groups in endorsing Floridians for Solar Choice \(FSC\)](#) to help expand solar choice in the Sunshine State. This broad coalition of businesses, conservative groups, and environmental organizations is working to place a constitutional amendment on the 2016 state ballot so that voters can decide whether to expand solar choice in the Sunshine State. The initiative has cleared all legal hurdles to ensure placement on the ballot except for collecting the required number of signatures. The coalition already has nearly 250,000 verified signatures, but there is still a long way to go. To place this historic amendment on the ballot and truly make Florida the Sunshine State, **we need your help.**

### **Step One: Show Your Support**

In order to make this happen, we need to collect 700,000 signatures to secure a place for **solar choice on the 2016 ballot**. By [signing this petition](#), you are helping us give Floridians the chance to vote on this issue.

- Sign the petition: <http://www.flsolarchoice.org/sign-the-petition/>
- Mail the completed petition to:  
Floridians for Solar Choice  
120 E. Oakland Park Blvd, Suite 105  
Fort Lauderdale, FL 33334

### **Step Two: Get Connected**

To help make this campaign a success, we're asking for your help in spreading the word about #FLSolarChoice. **Join us by re-tweeting and sharing FSC's social media posts on your own timeline or pages to help get the message out to your friends and followers.**

- **Like FSC on Facebook:** <http://www.facebook.com/flsolarchoice>
- **Follow FSC on Twitter:** <http://twitter.com/flsolarchoice>
- **Use the campaign's hashtag:** #FLSolarChoice
- **Here is a sample Facebook message you can copy and paste:** The @Floridians for Solar Choice campaign needs your help! Click here to learn how you can help give Floridians access to solar in the Sunshine State: <http://www.flsolarchoice.org>
- **Here's a sample Tweet you can copy and paste:** I just supported solar freedom in FL. Will you sign & help bring solar to the Sunshine State? <http://flsolarchoice.org> #FLSolarChoice

### **Step Three: Get Involved**

You have the power to help end the solar eclipse by collecting signatures in your community. Will you join us in helping FSC give Floridians a voice and a choice on energy in the Sunshine State?

- **Sign up to volunteer:** <http://www.flsolarchoice.org/volunteer/>
- **Contribute:** <http://flsolarchoice.causevox.com/>

Together, we can give ourselves more freedom in our energy choices, a cleaner environment and better control over our economic future. Will you join us?
